

iPhone 14 Screen Replacement Cost – Complete 2026 Price Guide

Dropped your iPhone and cracked the screen? Don't worry — you're not alone. Screen damage is one of the most common smartphone issues in India.

In this detailed guide, we'll explain:

- iPhone 14 display replacement pricing
- iPhone 14 Plus and Pro screen costs
- What affects replacement cost
- Where to get trusted repair in Varanasi
- FAQs including Buzzmeeh services

Let's get started.

iPhone 14 Screen Replacement Cost

If your display is cracked, flickering, showing green lines, or completely black, you may need a full screen replacement.

The [iPhone 14 Screen Replacement cost](#) in India generally ranges between:

- ₹12,000 – ₹18,000 (compatible display)
- ₹20,000 – ₹25,000 (original/OEM quality)

The price depends on:

- Display quality (OLED / original / compatible)
- City location
- Service provider
- Warranty offered

Always confirm whether the screen is original or high-quality compatible before proceeding.

iPhone 14 Plus Screen Replacement Cost

The [iPhone 14 Plus Screen Replacement cost](#) is slightly higher because of the larger 6.7-inch display.

Expected price range:

- ₹14,000 – ₹20,000 (compatible)
- ₹22,000 – ₹28,000 (original quality)

Since the Plus model has a bigger panel, labor and part cost are naturally higher.

If you notice:

- Touch not working
- Display bleeding
- Ghost touch
- Face ID issues after drop

You should replace it immediately to avoid further motherboard damage.

iPhone 14 Pro Screen Replacement Cost

The [iPhone 14 Pro Screen Replacement cost](#) is the highest among the series because it includes:

- Super Retina XDR Display
- Dynamic Island feature
- ProMotion 120Hz technology

Typical cost range:

- ₹18,000 – ₹25,000 (high-quality compatible)
- ₹30,000 – ₹38,000 (original/OEM)

Since the Pro model display is advanced, repair should always be done by trained technicians.

What Affects the Replacement Cost?

Many customers ask why the **Replacement cost** varies so much. Here are the main factors:

1. Display Quality

Original screens cost more but offer:

- Better brightness
- Accurate colors
- True Tone support
- Long durability

2. City & Service Provider

Metro cities often have higher pricing compared to smaller cities.

3. Warranty

Shops offering 3–6 months warranty may charge slightly more.

4. Additional Damage

If the frame, touch IC, or Face ID sensor is damaged, cost increases.

iPhone 14 Plus Screen Replacement in Varanasi

If you're searching for [iPhone 14 Plus Screen Replacement in Varanasi](#), you have two options:

1. Local repair shops
2. Professional doorstep repair services

While local shops may offer cheaper rates, quality and warranty are uncertain.

Professional companies like **Buzzmeeh** provide:

- Doorstep repair service
- Trained technicians
- Warranty support
- Safe device handling
- Data protection assurance

In cities like Varanasi, doorstep service is becoming popular because customers prefer convenience and safety.

Signs You Need Screen Replacement

Not sure if you need a full replacement? Look for these signs:

- Cracked glass
- Green or pink lines
- Screen flickering
- Dead pixels
- Touch not responding
- Black screen but phone vibrating

If any of these appear, delaying repair can worsen the issue.

Real Example

Rohit from Varanasi dropped his iPhone 14 Plus on marble flooring. Initially, only a small crack was visible. After 10 days, the touch stopped working completely.

He searched for **iPhone 14 Plus Screen Replacement in Varanasi** and chose a doorstep repair provider instead of a random local shop. The screen was replaced within 45 minutes, and the device worked perfectly again.

Lesson: Early replacement saves money and prevents motherboard damage.

Original vs Compatible Display – Which One Should You Choose?

Choose Original If:

- You want best brightness
- You use phone for gaming or editing
- Budget is not an issue

Choose Compatible If:

- You want affordable repair
- Phone is older
- You plan to upgrade soon

Both options work fine if installed properly.
